MaxTrax® Xcel  
ROM Air

**SIMPLE, RELIABLE AND PRACTICAL.**

# MaxTrax® Xcel ROM Air

Simple, reliable and practical.

When you need a **cost-effective range-of-motion (ROM) walker boot with extra support**, look no further than MaxTrax® Xcel ROM Air. Intended to aid recovery from a variety of ankle and foot indications, its **tried-and-tested hinge allows safe ankle immobilization as well as ROM control** between 45° plantar-flexion and 30° dorsi-flexion. Together with its shock-absorbing rocker sole and **inflatable liner**, this is how MaxTrax Xcel ROM Air provides **comfortable and supportive ROM control at great value.**

## FEATURES AND BENEFITS:

- Adjustable ROM hinge: **Allows ROM settings in 7.5° increments between 45° plantar-flexion and 30° dorsi-flexion** with locking option
- Removable pneumatic liner: Integrated pump **allows easy inflation and deflation to accommodate edema** around the ankle joint
- Unique pre-shaped double upright design: **Modifies pressure** on the malleoli and lower leg and **ensures a better fit**
- Edgeless rocker sole: Helps promote a **natural, stable gait**
- Shock-absorbing sole: **Reduces the impact of heel-strike** during ambulation
- Adjustable hook-and-loop straps: Help **reduce pressure** on the injury site
- XS-XL sizes, tall and ankle versions: Accommodate a **range of leg sizes and heights**

## INTENDED USE/INDICATIONS:

- Post-operative or post-traumatic immobilization of the ankle or foot
- Severe ankle and/or foot sprain
- Conservative treatment of ankle and/or foot fractures
- Severe ankle tendinopathy
- Conservative treatment of Achilles tendon rupture
